

# THE HOUSE OF TRANSCENDENCE

Tucked away in the deepest part of the city lies the Tiefling Burrough. Few know why they choose to stay amongst their own, yet one thing is certain the House of Transcendence unites them. A famed Tatoo Parlor that feels more like a church than anything else. The Tatoo Artists here treat their art more like rituals infusing magic into the ink, and they treat the client more like an empty canvas.

## STICK AND POKE SHEATHE

Typically reserved for the most heinous of criminal, Stick-&Poke Sheathes are able to hold enchanted weaponry within said Tattoos. You can melt down any weapon and turn it into the ink neccesary for this ritual. **HOWEVER** The weapon of choice will be reduced to a +2 Version if it had an enchantment before and the +2 dmg will match whatever element was associated with the previous enchantment. The more complex enchantments will fade, but the sword still retains the idea of what it once was

100 Gold Per Weapon *Sheathed*
